Re: Closed Caption CGB-CC-0067

We previously had an exemption for closed captioning but were later informed that it was revoked; and the deadline was today for us to have this process in place. We are currently waiting on our encoder to arrive (next week). Once it arrives, we will have closed captioning on our live broadcast. Due to holidays and finding someone to transcribe for a live broadcast, we were not able to get things together by the deadline. I will send you a follow-up letter to let you know that we are broadcasting with closed captioning. Our goal is set for January 29, 2012.

Sincerely,

Timothy J Thompson
